Re: Letter of recommendation

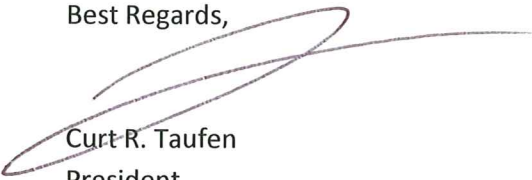

Dear Mr. Dejmal,

Distinguished Builders, Inc. has been involved in nearly 100 projects since 2002 with a variety of home suppliers, all of which were modular or systems built houses. We represent most of northwestern Colorado and almost 20 different building departments within our region. Distinguished Builders, Inc. builds custom homes exclusively designed from original plans.

Over the course of the last year, Distinguished Builders, Inc. has had the pleasure of working with Barvista Homes on several projects. Our experience to date has been that Barvista Homes is by far a top company to work with in all areas, but specifically with the company's leadership, engineering, service and warranty, and its all around systematic approach to this type of construction. Distinguished Builders installs all of its own homes and has never had such tight fitting and structurally sound homes.

It is our pleasure to recommend Barvista Homes in order to increase its circulation of satisfied customers. Thank you for continuing to operate with excellence and integrity.

Best Regards,

Curt R. Taufen
President
