Dear Mike,

Please accept my gratitude and appreciation for your work on the Sinclair Meadows Affordable Housing Project in Snowmass Village, Colorado. Bar Vista Homes provided a top shelf product that, as we deliver the homes to their final owners, is getting rave reviews. It's quite exciting to see the look on a new homeowner's face, and to see their satisfaction with the home itself.

What has been equally satisfying is the relationship we developed with you, Bar Vista and your entire team. The coordination and communication has been exemplary. From plan/design development right through to final set and stitch.

It has truly been a pleasure working with Bar Vista Homes, and especially you Mike. We hope the relationship continues and look forward to our next project together.

Regards,

RICHARD KIHNLEY
